To whom it may concern,

My name is Mark Agar, and I am proprietor/owner of MTA Credit Partners in Australia.

We are a national credit repair agency who assists consumers in rectifying credit file issues. All of our business is sourced via internet exposure and advertising.

Over the past five years I have tried several SEO companies and none delivered what they promised. I extended my search to source a reliable SEO company and after much research and many enquiries I decided on trying Ranking By SEO a.k.a Ethane Web Technologies Pvt. Ltd.

My organic search results were down and Lalit's team assured me they would rise but not immediately. After working closely with Lalit's team I can now say that my search result rankings have increased and they are still working with me to improve my SEO positions.

I would not hesitate in recommending Lalit & his team at Ranking By SEO to anyone in need of an increase of brand awareness via search engine optimization services. In case of any queries, please don't hesitate to reach me at mark@mtapartners.com.au or mobile +61 2 6373 5151.
